MARTIAL LAW IN POLAND

Governor General Has Proclaimed
State of Siege at Lodz and War-
saw is Overrun with Military.

JEWISH DISTRICTS IN FULL REVOLT

Shops and Stores are All Closed and Bar-
ricades Have Been Formed by Over-
turned Street Cars—Ugly Temper of
People and Troops Threaten Bloodshed
at any Moment.

Lodz, Russia, June 27.—The govern-
ment general has proclaimed a state of
siege at Lodz. The victims of last
week's outbreak total over twelve hun-
dred. Thus far the bodies of 343 Jews
and 218 Christians have been buried.
The wounded number over 700. Some
semblance of order has been restored
and the workmen are gradually re-
turning to the factories.

Like a Military Encampment.

Warsaw, Russian Poland, June 27.—
The city has the appearance of a mili-
tary encampment. Infantry and Cos-
sacks are bivouacked in the streets
and patrols are circulating everywhere.
Baricades have been erected at the
corner of Orodowa and Zelazna streets
and occasionally the crack of a rifle is
heard as strikers shoot at men going
to work.

A bomb was thrown Sunday night at
a carriage occupied by the chief of
police, K. M. Pavloff, of the town of
Czenstochowa, government of Piotrkow.
The chief of police and seven
other persons were seriously wounded.

Gen. Maximovitch, the governor gen-
eral of Warsaw, was appointed March
5. He is a former Hetman (or chief)
of the Don Cossacks. On March 30
an imperial rescript was issued urging
Maximovitch to elaborate police re-
forms. On April 3 the governor gen-
eral summoned the editors of the War-
saw papers to the castle and talked to
them freely and in the most friendly
manner, especially on the question of
censorship inviting them to come to
him in case of any difficulty. The
next day Maximovitch prohibited the
sale of revolvers, pistols and cartridges
throughout the whole territory, under
his administration. A plot to assassinate
the governor general was discovered
in the middle of April and soon
afterwards it was reported that he had
tendered his resignation but had been
prevailed upon to retain office. On May
19, a bomb, doubtless intended for the
governor general, was exploded in
Miodowa street at noon, killing its
possessor, a workman, and two de-
tectives and injuring 23 persons, in-
cluding three women, one student and
two school boys. The governor gen-
eral was attending services at the
cathedral a few yards away from the
scene of the explosion. Many threats
have been made against the governor
general, particularly since the May
Day disturbance.

Almost Open Rebellion.

St. Petersburg, June 27.—The red flag

of revolt has been raised at Warsaw,
Lodz and other places in Russia. Pol-
and out of sympathy with the victims
of the rioting at Lodz and so far as
these cities are concerned the situation
almost approaches the dignity of open
rebellion. The news received at St.
Petersburg is meager on account of
the vigorous censorship but it is evi-
dent that the troops are being resisted
and a repetition of the sanguinary en-
counters at Lodz is anticipated. The
three big socialist parties in Russian
Poland are well organized and have
some arms but the authorities claim
they have no chance of success. Singly-
handed. Neither the Jewish socialists
called the Bund, nor the social democ-
rats are separatists (as are what are
known as the Polish socialists) but
they are all bitterly opposed to the
existing government. The affair at
Lodz seemingly has accidentally pre-
cipitated a crisis but the authorities
declare there is no machinery for a
general insurrection behind it. This,
however, may increase the slaughter
in crushing the outbreak. Many peo-
ple believe that Gov. General Maximov-
vitch is hardly equal to the task but
so long as the disturbance is confined
to Russian Poland the authorities be-
lieve it can be kept in hand. The
main danger lies in its spread to
socialistic organizations in other parts
of Russia with which those in Russian
Poland are closely allied. In the
meantime the Caucasus is aflame with
an insurrection on a big scale. The
Armenians are actually besieging the
Armenians in some of the towns.
Pasant uprisings have also occurred
in several provinces notably Kharkoff,
where the estates of half a dozen
nobles have been burned and where
the workmen resisted Cossacks with
arms, wounding several of the soldiers.

AGREE ON TIME OF MEETING

President Notified That First Ten
days of August Will Suit Both
Japan and Russia.

WANTS MEETING ON FIRST OF MONTH

Mr. Roosevelt Has Requested that Envoys
Meet on August 1, or as Soon Thereafter
as Possible—Neliidoff, Rosen and Taka-
hira the Only Plenipotentiaries Named
Thus far.

Washington, June 27.—The president
has expressed a wish to the Russian
and Japanese governments that the
plenipotentiaries meet in the United
States on the first day of August and
if not on that date then at the earliest
date thereafter. The following state-
ment regarding the meeting of the
plenipotentiaries, was made public
at the White House Monday:

"The president has received from
both the Russian and Japanese gov-
ernments the statement that the plen-
ipotentiaries of the two countries will
meet in the United States during the
first ten days of August and the pres-
ident has expressed to both govern-
ments the wish that the meeting should
take place if possible on the first of
August and if not on that date then
at the earliest date thereafter."

M. Neliidoff, the Russian ambassa-
dor to Paris, and Baron Rosen, the new
Russian ambassador to Washington,
are Russia's tentative selections of
plenipotentiaries. Mr. Takahira, the
Japanese minister here, it is under-
stood, has been selected by his govern-
ment as one of the plenipotentiaries
but the name of the ranking Japanese
envoy can not be learned. It is not
believed that Marquis Ito will be
able to come, and it is possible that
Field Marshal Yamagata may take his
place. This information comes from a
high source but it is understood that
no formal announcement can be made
until it is learned whether M. Neliidoff's
health will permit him to make the
trip.

Both Have Agreed.

St. Petersburg, June 27.—Both Ja-
pan and Russia are now understood
to have agreed on the time when
their plenipotentiaries shall meet in
Washington. It will be during the
first ten days of August, but the ex-
act date probably will be announced
by President Roosevelt. The ques-
tion of precedence evidently is the
main stumbling block to a prompt set-
tlement of the number of personal ne-
gotiators. Both sides seem desirous
to make the other take the initiative.
Russia seems to consider that it is
Japan's duty to name her plenipoten-
tiaries before Russia announces hers.

While the exact number of the plen-
ipotentiaries has not been officially
arranged both powers seem to have tac-
itly agreed on three. The actual an-
nouncement of the names of the plen-
ipotentiaries is expected within a few
days. The official statement of the
situation is: "All is going on favor-
ably." The question of a possi-
ble armistice as stated last week re-
mains in abeyance for the moment.
Japan it is understood declining even
to take up the matter until the issues
involved in the Washington meeting
are definitely settled. In the mean-
time there have been heavy down-
pours in Manchuria and the rainy
season may enforce a suspension of
military operations before diplomacy
can act.

France Calling in Reserves.

St. Petersburg, June 27.—The French
army reserve men living in Russia are
reported to have received notice to hold
themselves in readiness to join the
colors.

HAY SUFFERS A RELAPSE

Secretary of State Again Prostrated
at His Summer Home in
New Hampshire.

SPECIALISTS HURRIED FROM BOSTON

Family and Friends of the Popular States-
man Greatly Alarmed—At Last Accounts
the Patient was Still Confined to His
Bed—Necessity for Operation Seems to
Have Passed for Present.

Newbury, N. H., June 27.—Secre-
tary of State John Hay was prostrated
by an attack of uraemia at his summer
home here late Sunday evening but
early Monday his condition had been
relieved by a local physician and two
specialists who had come from Boston
by special train and it was expected
that the secretary would be soon in
his usual health. The attack which
was similar to others experienced by
Secretary Hay during recent years
was attributed to a cold contracted
on his journey from Washington to
Newbury last Saturday. Dr. J. L.
Cain, the local physician who was the
first one called to attend the sick man,
said: "Secretary Hay's trouble has
been relieved. He will need attention
for a day or two. If no complications
arise he will soon be as well as usual."
He stated also that Dr. Charles L.
Scudder, one of the Boston physicians
had returned home. The other, Dr.
Fred T. Murphy, will remain for a day
or two in case unexpected symptoms
should develop.

Secretary Hay began to be in pain
early Sunday. Remedies which have
given relief on previous occasions were
applied but failed to help him and
Dr. Cain was called from Newport.
He found that in changing from the
climate of Washington to the cooler
temperature of the Lake Umbagog region
the secretary had taken a severe cold,
and that organs weakened by previous
attacks had been variously affected.
Upon learning this Mrs. Hay desired
that the specialists be summoned at
once and as soon as possible. Drs.
Scudder and Murphy were on the way
here by special train from Boston.

The Boston & Maine railroad cleared
its tracks from Boston to Concord, N.
H., and the special made fast time be-
tween those two cities. The train then
proceeded to Newbury by the Concord
& Claremont branch. A launch was
in waiting to convey the surgeons
across Lake Umbagog and the doctors
reached the bedside of the secretary at
about midnight. A quick but com-
plete examination of the patient was
made and it was seen that his condi-
tion while exceedingly painful, was not
for the time at least serious. Under
treatment the patient soon showed im-
provement and the necessity of an
operation, which had been discussed,
was averted. During the latter part
of the night Secretary Hay grew stead-
ily better and by morning had re-
gained the strength which had been
exhausted by hours of incessant pain.
On account of the organs affected by
the cold, however, the physicians ruled
that the secretary should remain in bed
for a day or two. Dr. Scudder then
left for home, placing Dr. Murphy in
charge with Dr. Cain assisting.

Dr. Cain said Monday that the mem-
bers of Mr. Hay's family were greatly
alarmed because of the fact that the
usual remedies failed to give relief.
"I understand," said Dr. Cain, "that
Secretary Hay's present illness is of
a different kind from that for which he
went abroad for treatment and for
which he took the baths at Bad Neu-
heim. Should attacks such as he has
experienced occur frequently there is
no doubt but that there would be jus-
tification for grave anxiety but Mr. Hay
seems to have got clear of all danger
in the present instance."

RECEIVED A BETTER OFFER.

Real Reason for Return of Chief Engineer
Wallace, of the Panama Commission,
to Washington.

Washington, June 27.—Chief Engi-
neer John F. Wallace, of the Panama
canal commission, has received an offer
from an important corporation in this
country, that carries with it a salary
of \$60,000 a year. This was the real
reason for his sudden departure from
the isthmus and his arrival in New
York on Thursday.

Although he has not as yet resigned
his position as chief engineer, it may
be assumed that, in view of this offer,
Mr. Wallace is seriously considering
such a course. His present salary is
\$25,000. In justice to his family, Mr.
Wallace feels that he should not refuse
offhand the flattering proposition
which he has received.

American Bishops See Pope.

Rome, June 27.—The Pope Monday
received in private audience the Right
Rev. Edward John O'Dea, D. D., bishop
of Nesquehly, Wash., who presented
the report of his diocese the pope
manifesting interest in the progress
made by the west. Monsignor James
Davis, cathedral bishop of Davenport,
Iowa, also was received by the pope.

Egypt Picnic.

We dismantled just as the snow white table linens were being spread under the shady oaks and with a funny feeling, some folks call hunger, we drew near and saw with impatient glances the spread literally covered with all that is good and wholesome. The News man being anxious to act nice and polite and not rush in as his natural inclination prompted, began to talk "Ada News" to a clever looking farmer near by. Just as he got in a weaving way he glanced at the best loaded end of the table, and saw Judge Wood, Jim Bolen, J. E. Grigsby, Kirk King and Capt. Hargis, all from Ada, surrounding that picnic dinner and with hands and mouth well supplied were exerting every effort to get on the outside of more grub than the fellows next to them. Subscription taking was suspended immediately, and "food taking" was substituted instead.

After all had finished dinner, except Capt. Hargis, for he was the eater and officer of the day, the crowd gathered about the speakers stand and J. W. Bolen entertained the drowsy and dinner laden crowd with an interesting speech. He was followed by Homer Williams, one of Egypt's leading farmers, who delivered a strong and eloquent address.

For some cranky reason the writer was called on for a speech, who, after recovering from the shock caused by the knowledge that others would soon be shocked, reluctantly arose and delivered his initial picnic oration. All who heard it remarked that it was a good() one. It must have been for every now and then, and here and there some one would snigger out loud.

Before the reporter arrived on the scene Judge Wood delivered an address that was highly appreciated. J. E. Grigsby also spoke in the forenoon.

Joseph and Pharaoh did not extend to Jacob and sons in Egypt of old, a more cordial welcome than did these modern Egyptians extend to the visitors on last Saturday.

ADA EVENING NEWS.

OFFICIAL CITY PAPER.

OTIS B. WEAVER & CO., - - - PUBLISHERS
M. D. STEINER, - - - BUSINESS MANAGER

Entered as second-class matter March 26, 1904, at the postoffice at Ada, Indian Territory, under the Act of Congress, March 3, 1879.

JUNE showers are plentiful today.

ADA will soon have seven churches.

WHAT will Teddy do with his Bennie now?

WOE unto all ye grafters, and carpet baggers. Your days are few and full of misery.

IT is now up to the city officials to enforce the orders of the Board of Health.

WE WANT to see an oil well bored. A big spouter would make a third railroad boom look sick.

A TOWN is judged by her citizens. Let's do our best on the 21-22-23.

OF ALL the people we love, those who help to fill the local news columns we love best.

WHAT is the matter with the fire boys? A rehearsal now and then would not be bad.

EVERY man, woman and child desire to see Ada a clean and healthy town. Why not comply with the Board of Health's orders to the letter.

HAVE you read the Board of Health's report? It is in another column for you to read, and you are expected to comply with every order therein.

THE News is glad to see a new church organized on the north side. These people are deserving a church nearer their doors, than those on the south side.

HOLDENVILLE, north of us is digging for oil. Roll on the south of us is digging for oil. Why can't we dig a hole too and drain all the oil from beneath each of our smaller sister towns.

DON'T fail to do your part when the soliciting committee for the reunion call on you. We have an opportunity to help our town by entertaining the visitors properly on this occasion.

Territory Notes.

The Holdenville Tribune says the population of that town is growing at the rate of 100 per month.
Tulsa's issue of \$40,000 twenty-year 5 per cent sewer bonds brought a premium of \$1,600. The bonds were bought by F. R. Fuller & Co., of Chicago.
Twenty-two shares of stock in the First National Bank of Pryor Creek changed hands last week at a premium of \$50 per share.
Next week a special car will leave Muskogee for Asbury Park loaded with teachers who go to attend the National Educational Association meeting.
C. G. Moore, of White City, Kansas, recently appointed probate clerk for the southern district, has arrived in Chickasha and entered upon the duties of his office.
The editor of the Chelsea Commercial has evidently had his fur rubbed the wrong way. He hands the following to the "smart Alecks" of that town: "The Commercial editor wants to say that he knows some of them (smart Alecks), and some of these days, when forbearance shall have ceased to be a virtue, there will be more hair flying in the air than Chelsea has witnessed in many a day."
One day last week an Indian policeman arrived in Eufaula to collect the tribal tax from the merchants of that town. He had instructions to close the stores if the merchants did not pay up at once. On going up town from the depot he was considerably mystified when he discovered that all the stores were closed and the town almost deserted. After inquiry he learned that everybody was attending a picnic given by the citizens of the town to the teachers attending the normal in session here.

CHICKASAW WARRANTS.

Full Report of investigation is to Be Made to Washington.

Ardmore, I. T., June 27.—United States Inspector Jenkins and Special Attorney Mosby, representing the department of justice, who have been here for some time investigating the war

rant "deal," departed yesterday for Washington, where they go to make a full report of the investigation. There are no new developments in connection with the warrant cases. The grand jury is still in session and it is possible that the tribal affairs of the nation will be investigated. Warrants have been issued for the arrest of those indicted. Several parties, it is said, holding Chickasaw warrants were here today. They are making an effort to realize on the warrants.

DEATH SENTENCE IMPOSED.

Rufus Binion to Hang for the Killing of a Child.

Ardmore, I. T., June 26.—In the United States court yesterday Judge Hosea Townsend sentenced Rufus Binion, colored, to hang Sept. 22. This was the second death sentence imposed. Binion was convicted of the murder of a child. His case was appealed to the civil court of appeals and affirmed. It was then carried to the United States supreme court, which dismissed appeal for want of jurisdiction.

Unless President Roosevelt interferes it will be the first execution in the southern district. A number of prisoners were also sentenced for terms ranging from one to five years to Fort Leavenworth.

Doings and Goings of Our Neighbors on the North

The editor of the Headlight has removed to the J. H. Norman building on the east side.

Say, if you have any local news, don't forget that the editor of the Headlight is trying to find you.

Our new dry goods establishment is getting ready for business, with our fellow townsman C. R. Watson at the helm.

We are glad to learn that I. M. Watson's babe who has been quite sick for some time is some better at this writing.

The grounds have been arranged, under the direction of the Indians, for the Indian ball game at the picnic on the 28th.

Eld. J. G. Brown, of Earlboro, Oklahoma, who has been preaching a series of sermons here leaves this morning the 27th, for Konawa.

Mr. Upp, the grocerman, is with us this morning, the 26th.

Mr. Grub, of John Schapp fame, of Ft. Smith, Ark., was doing our druggists on the 26th. Mr. Grub is one of those enthusiastic exponents of the peoples' rights, and misses no opportunity to wield a blow to the trust and those powers that tend to enslave the common people.

I feel sorry for the city editor of the Evening News, who was recently "rounded up" by one of his patrons for failing to make mention of the patrons family leaving town. Yes brother, they give you the "d"—if you do, and the d—if you don't. So between the two—an editors life is not a path of roses, but lets not be discouraged, for when we become news-gatherers in the celestial climes neither element will trouble us.

Frisco System.

Will have very cheap round trip rates until September 30th, 1905. To points in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, and West Virginia.

I. McMair, Agent, Ada, I. T.

The original is always the best—imitations are cheap. Bee's Laxative Honey and Tar is the original Laxative Cough Syrup. It is different from all others—it is better than all others, because it cures all coughs and colds and leaves the system stronger than before. The letter B in red is on every package. Interesting Exercises of Religious Educa-
tional Association at Washington
—Prominent Men Take Part.

Washington, June 27.—The teacher training department of the American society of Religious Education is holding anniversary exercises in this city. Justice Harlan of the Supreme court is honorary president and Dr. R. E. Mac Arthur of New York is president of the society. Judge W. L. Chambers of the Spanish treaty claims commission is head of the department and Dr. J. E. Gilbert is the author and superintendent of the system employed by the society for the training of Sunday school teachers which has extended into all parts of the United States during the past 16 years and more than 10,000 students have been enrolled. The public exercises were highly interesting. Dr. Gilbert delivered the annual address. Various class exercises were held Monday and the annual association met Monday evening. Plans are nearly completed for the more vigorous prosecution of the work during the coming year. The executive council, comprising four Normal school presidents and three college professors, is examining every detail of the curriculum and the methods of instruction looking to higher excellence.

Cashier Arrested for Forgery.
Clinton, Mo., June 27.—Thomas M. Cassey, cashier of the defunct Salmon and Salmon bank was arrested Sunday on a charge of forging two notes aggregating \$10,000 preferred by W. N. Stevens. Cassey had hypothecated notes in Kansas City and copies were found in banks here by bank examiner Cook. Cassey is a son of the late Geo. M. Cassey, known as "the Cattle King of Missouri." The Salmon bank affairs are in a deplorable shape and apparently depositors will realize little.

CURZON TO RESIGN.

British Viceroy in India, Resents Action of
Home Government in Disposition
of Army Control.

Simla, India, June 27.—It is freely rumored that the viceroy, Lord Curzon of Kedleston, has either already tendered his resignation or shortly will do so in consequence of the home government whereby Lord Kitchener, commander-in-chief of the forces in India, has been given complete control of the army in India. Two special meetings of the Indian council have been held since the publication in London of the Bluebook referring to Lord Kitchener's plans, the approval of which is considered to be a severe blow to Lord Curzon since he and practically the whole council unanimously advised against the decision ultimately adopted. The recent excitement prevails in official circles here. The Times of India declares that India cannot afford to lose "either of the great men, Lord Curzon or Lord Kitchener, who dominate her affairs."

London, June 27.—While it is considered quite possible that Lord Curzon may tender his resignation because of the course taken by the home government directly at variance with his views, it is not believed that it will be accepted or that the viceroy will insist on quitting his position, at least until after the prince and princess of Wales have completed their tour of India, extending from November to March.

A question asked in the house of commons Monday afternoon elicited from Indian Secretary Brodrick the statement that the government had received no information to the effect that Curzon had any desire or intention of resigning the viceroyalty of India.

Will be Good Now.
London, June 27.—Questioned in the house of commons Monday regarding the destruction of British vessels by Russian auxiliary cruisers Premier Balfour said he was glad to be able to inform the house that the Russian government disapproved of the actions of their cruisers and that orders had been transmitted to the Dnieper at Jibuti, rendering quite impossible any repetition of the acts which the British government regarded as outrages against international law.
